# Daniel Kirsch

Mathematician. Web. Data. Visualization.

A http://danielkirs.ch

mail@danielkirs.ch

+49 1511 5729370

■ akirel

Machine "dompteur" with a math diploma from University of Münster and a background in pattern recognition and machine learning. Creator of detexify. I am excited about data products - from the ML up to the UX. I speak many programming languages - preferrably functional ones.

# EDUCATION

10/2003 - 11/2010

University of Münster

Diploma in Mathematics / Computer Science Ø 1.5

Thesis (1.3): »Detexify: Recognition of hand-drawn LaTeX symbols« implemented as a RESTful webservice written in Haskell and Ruby using machine learning techniques. Samples are stored in CouchDB. See http://detexify.kirelabs.org.

Gymnasium Laurentianum Warendorf

Ahitur Ø 2.0

## ② EXPERIENCE

Agency for Data Science http://www.idalab.de

2/2016 - today

#### Data Scientist

#### Mathematical Modelling, Machine Learning, Artificial Intelligence, Optimization

 $in \ a \ wide \ range \ of \ contexts \ like \ IoT, \ urban \ planning, \ finance, \ mobility, \ and \ many \ more \ using \ Python, \ Pandas, \ property \ Python, \ Pyt$ scikit-learn, keras, R and the tidyverse, caret, Shiny, Docker, Elasticsearch, Ansible, AWS (whatever is the right tool for the job).

- mentor working students and younger colleagues
- have established reproducible research principles in our projects (codified in project templates)
- created an infrastructure for my colleagues to easily run analyses in pre-configured cloud
- created a Docker-based infrastructure to make our web based demonstrator apps available to our
- created scripts to ensure a consistent development setup across company laptops (which codifies our best practices)

## Freelancer

4/2015 - 1/2016

## Mathematician

- Reduction of food waste through predictive modeling of time series fo a german vending machine business with scikit-learn
- Statistical consulting and predictive modeling for in financial services (dunning processes) with R
- Supported development of a machine learning API for a Berlin-based parking app startup

# smartB

Energy Management GmbH

8/2014 - 3/2015

## Data Analyst & Visualization Expert

- Translation of **business requirements** into suitable technical solutions
- Leading frontend development (Project Management, Node, D3, Angular) and building APIs and the data pipeline (Python, Pandas) for our smart meters and NILM results
- Drafting and implementing a DevOps process and best practices with Ansible

## Hitfox Group

Incubator building companies and careers

6/2014 - 7/2014

## Data Scientist

Prototyped a Big Data architecture in a Telco context

Worked on the medical imaging engine Voreen in C++ and OpenGL

Supported a new FinTech venture by prototyping the backend architecture and implementing the

## Zweitag GmbH

8/2009 - 5/2014

I was involved in a variety of projects ranging from ecommerce sites and auction systems to business intelligence tools. I worked on the Rails backend as well as with frontend technologies such as Haml, SASS, client-side Javascript-frameworks and D3.js for data visualization. I helped establish TDD/BDD as a company best-practice, intoduced new technology such as **Angular.js** as a core Zweitag technology and supported and co-created the corporate mentorship program besides mentoring student workers and

#### Visualization and Computer **Graphics Research Group**

of the University of Münster

## Student worker: Project Learnr

Built a RESTful webservice for managing assets for an E-Learning platform using Ruby on Rails.

#### **Databases and Information** Systems Group

of the University of Münster

#### Institute of Mathematical **Statistics**

of the University of Münster

Tutor in stochastics / probability theory Tutorials and correction of student homework

Student worker: Voreen Volume Rendering Engine

#### DSSG Berlin

12/2014 - present

Data Science for Social Good Berlin is a pro bono intermediary for data science. We help nonprofits move into the data age by running workshops and hackathons to help solve their data problems thus connecting them to industry data scientists. See http://dssg-berlin.org/ and https://blog.dssg-berlin.org/ for more details

#### Open Knowledge Lab Münster

2/2014 - 12/2014

#### Lab Lead

in a local community revolving around civic tech and open data. See http://codefor.de/muenster for more details.

## Responsibilities

- Organize local meetups
- Stay in touch with local government and journalists
- Guide the participants towards common goals

#### Meetups and Conferences Speaker

- Berlin Open Data Day 2017: Wie wir Einschulungsbereiche in Berlin optimieren
- Netzwerk Recherche Jahreskonferenz 2017: Machine Learning für Journalisten
- EKHN Symposium 2017: Data for Good Workshop
- labtogether 2016: Panelist on effective altruism and workshop on data for good
- data2day 2016: Natural language processing with recurrent neural networks
- Pydata 2016: Functional Programming in Python
  Strange Group Berlin: The Grammar of Graphics and R Metaprogramming
- Strange Group Berlin: Functional Javascript

#### Open Source

Occasional contributor See http://github.com/kirel.

## LG Brillux Münster

Track&Field Manager Young Athletics (Sportwart Nachwuchs)

10/2011 - 5/2014

#### Responsibilities

- Organisation and supervision of track&field competitions
- Creation and implementation of young athletics nurturing programs
- Uniting coaches of the LG by shaping the mutual vision

#### TuS Hiltrup 1930 e.V.

8/2006 - 5/2014

#### Track&field coach

Coaching young athletes between ages 12 to 19 especially in vertical jumps and pole vault. Earned several qualifications and final places in the German youth nationals.

#### **FLVW**

8/2006

## Heinrich-Tellen-Schule

8/2002 - 6/2003

## Community Service

at a school for special education.

Track&field coaching license (C-Lizenz)

## **△** INTERESTS

- Data Science for Social Good
- Data visualization
- Machine learning
- FP (Haskell, Clojure, R, Elixir, ...)
- Open data / data-driven journalism

- Behavioral Science Lean startup-methods
- Reading technical books
- Longboarding, wakeboarding, kitesurfing
- Pole vaulting

See http://kirelabs.org for personal projects.
